ANTIBODY INFORMATION

Antibody Name:

Specificity:

Antibody species:

(mouse, rat, human)

Ig Isotype:

Immunogen:

(transfected cells, peptides,
recombinant protein)

Epitope recognized:

Does it work for:

	yes	no	ND	any comments
Flow cytometry:				
Immunoprecipitation:				
Western blot:				
Paraffin sections:				
Functional assay: describe briefly				

INFORMATION FOR CONFIRMATION OF SPECIFICITY:

Describe evidence of specificity:

Reactivity with transfected cells:

Cross reactions with other human proteins:

Cross reactions with animal species:

Publications:

Patents:

Licensed to a company and which one:

Other useful information:

Was it evaluated in a previous workshop?

Dated:

Send to: Pablo Engel (pengel@ub.edu)
